The National Editorial Association to Meet in Virginia

Next Year.

(Editorial Correspondence.)
MECKLENBURG HOTEL, CHASE
CITY, VA., July 14.—The North Carolima and Virginia Press Association met
in joint session this morning and heard
as highly entertaining report from C. D.
Denit, of Salem, on his visit to Indianapolis to attend the meeting of the National Editorial Association.

apolis to attend the meeting of the National Editorial Association.

It was largely through Mr. Denit's exertions and intelligent management that the National Editorial Association determined to meet next year in Virginia. There was a running discussion on Mr. Denit's report and on ways and means of entertaining the National Editorial Association.

Always First.

Always First,
Josephus Daniels got into the discussion long enough to prove by the recordNorth Carolinians are always saturated with records—that North Carolina was doing business at Roanoke Island long hefore Jamestown was thought of.
That she was not only the first in America and first at Bethel, but first also at Norfolk, and that the Jamestown celebration would be primarily a North Carolina celebration and an exploitation of North Carolina's habit-of being first everywhere. It is that sort being first everywhere. It is that sort of State pride that is making Norm Carolina one of the leading States of the Union.

the Union.

Virginia is lucky in having much North

she could manage in some way to absorb

Joe Daniels.

At the afternoon session joint resolutions were adopted, expressing the pleasure of the two associations that the National Editorial Association will meet on Virginia soil next year, and pleasing the Jamestown Exposition hearty gooparation in arranging for the entertainment of the guests.

H. B. Varner, of North Carolina, is thow first vice-president of the National Editorial Association, and heartily ondorsed as the candidate of North Carolina and Virginia for the presidency of that body next year.

Thanks.

The following resolutions were also

Mayor and citizens of Chase City for their unbounded hospitality; to Captain F. C. Topleman, superintendent Home Telepinhone and Telegraph Company and the Western Union Telegraph Company for the free use of their systems; to the railway and steamship companies for their many courtesies; to Colonel W. T. Hughes, president of the Mecklenburg Hotel, and Mr. A. J. Cooke, manager, for its excellent accommodations and comforts to the members, for their unremitting solicitude for our pleasure and the many social entertainments provided; to Mr. Polk Miller, the original and inimitable, for his splendid address.

Resolved, further, That the success of this convention was largely made possible by the splendid hospitality shown by the Mecklenburg Hotel.

Mr. Kelly, of the Jamestown Exposition Company, made an instructive address on the object and character of the Jamestown celebration, and begged the co-operation of the editors in giving it publicity. Mr. A. P. Rowe, of the Fredericksburg Free Lance, read an admirable paper on the relation of the newspaper to the party with which it is affillated. Mr. Rowe said that as moulders of public sentiment newspapers are beginning to recognize the colligation and the responsibility which rosts upon them, and it is a sensibility to this trust which is now and will to a greater extent in the future cause them to stand for the rightpolicy as they view to stand for t

NO SIGNIFICANCE TO TRIP ABROAD

Will Have No Bearing on Political or Judicial Future, Secretary Taft Says.

(By Associated Press.)

WASHINGTON, July 14—In answer to a direct question as to whether or not he intended to visit the Philippine Islands next spring, and, if so, whether that decision might be taken as an indication that he intended to decline the offer of a place on the Supreme bench, Secretary Taft to-day said that he has received an invitation from the Philippines to be present at the opening of the first naval assembly next June. Be far he had not come to any decision, but it might be vitation or not, that decision would have no effect whatever upon his political or judicial future

judicial future.

In other words, he might, as a Justice, visit the islands quite as well as while he occupied the office of Secretary of War.

As it has been unbroken practice, to make the confirmation of the Senate a condition precedent to the assumption of office by the Supreme Court is important.

Thinks, said Mr. Williams, that the Prosident is planning it so that he will be forced to make the race. The President rather reminds me of the old lady of Saragossa, who hung about asking, when the gentlemen were going to beside the kissing, as she wanted to be there. Continuing, Mr. Williams said:

"The Republican party has fallen behind the mark. Profuse in promises it has mot lived up to what it promised. For one thing, the party refused to go into the question of tariff revision, as without this country and it is growing. A feeling of unrest always acts to the advantage of the party in power. The minority leader declared that W. J. Bryan is the logical candidate of the Democratic party.
